

A Tape for Every Task

No matter what your needs are, SATA has a tape that measures up. Whether you want a compact 2 m tape for convenience or a 10 m tape for ultimate jobsite capability, our latest tapes offer innovative features to tackle every challenge. For long life, outstanding features, and a wide selection of sizes, SATA is the clear choice for serious tool users.

A Full-Size Selection Gives You a Choice

Extra-Wide lock button for easy thumb engagement

ABS housing for increased strength and impact resistance

Automatic blade return

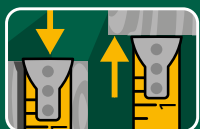

Ergonomic case design for better fit in-hand during measuring

Integrated D-ring with keychain attachment for carrying or storing convenience

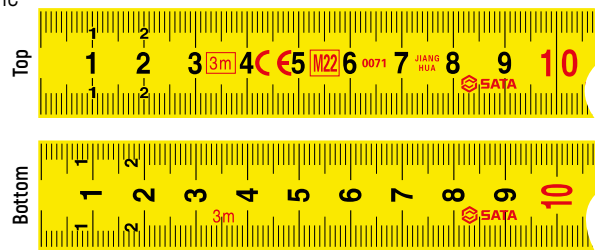

Blade lock holds blade at any length

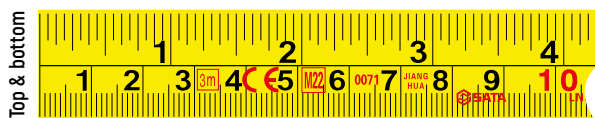

Tape measure hook with automatic reset setting, ensuring that both internal and external measurement start from zero position

Two-sided Blades Make Measuring Easier

Metric

Metric / SAE

Built-in D-Ring for a Comfortable Carry

All our new tapes have an integrated D-ring design, perfect for the convenient and comfortable keychain on shorter tapes or as a safety tether attachment point on longer tapes when working at height.

Every new SATA tape features an innovative blade with markings on both sides – standard on the front and vertical on the back – to make your measuring jobs easier and more efficient. Superior performance that saves you time.

Choose your Tape Measure

Article Code	Description	Length	Width	Scale
ST91311E	Tape Measure 2 m x 13 mm	2 m	13 mm	Metric
ST91312E	Tape Measure 3 m x 16 mm	3 m	16 mm	Metric
ST91315E	Tape Measure 5 m x 25 mm	5 m	25 mm	Metric
ST91316E	Tape Measure 8 m x 25 mm	8 m	25 mm	Metric
ST91317E	Tape Measure 10 m x 25 mm	10 m	25 mm	Metric
ST91318E	Tape Measure 3 m / 10' x 16 mm	3 m / 10'	16 mm	Metric / SAE
ST91322E	Tape Measure 5 m / 16' x 19 mm	5 m / 16'	19 mm	Metric / SAE
ST91323E	Tape Measure 8 m / 26' x 25 mm	8 m / 26'	25 mm	Metric / SAE
