Box joint pliers SEGOGRIP F and M

High-performance pliers designed to firmly grip pipes, bolts, nuts, and flat surfaces. Essential for pipe installation and maintenance work. These pliers provided with a larger jaws opening with the same length of the handles, allowing tubes to be gripped more tightly than other pliers on the market.

SEGOGRIP F is equipped with a safety blocking system

Increased security and precise adjustment for a firm grip on any situation and allows up to 50% faster adjustment.

Extreme durability

Chrome vanadium steel made. Hardened and tempered body for improved tool performance.

Different positions according to requirements

SEGOGRIP F - 18 positions.
SEGOGRIP M - 10 positions.

Highest performance

Induction on the jaws to reinforce the teeth, increasing wear resistance and extending tool life.

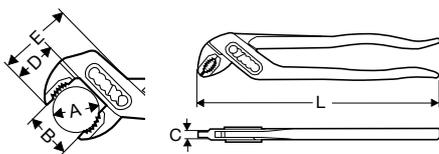

SEGOGRIP F

SEGOGRIP M

Ergonomic handle

Plasticised coating for more comfort and a secure grip
